PROFESSIONAL SUMMARY

BSc Information Technology student with a strong foundation in programming, database management, and problem-solving. Experienced in C#, C++, Java (OOP), and SQL, with practical exposure to building applications and working with Oracle SQL Developer. Demonstrates strong academic performance, including distinctions in programming and statistics. A FNB App Academy certificate holder with hands-on experience designing building responsive web and desktop applications.

KEY ACHIEVEMENTS

- Achieved Distinction (77%) in CMPG122 (C# Programming)
 - Achieved Distinction (79%) in STTN111 (Statistics)
 - Maintained a strong academic average across multiple modules
 - Successfully completed multiple programming projects (C++, C#, Java, SQL)
 - Developed a personal finance tracker application as part of coursework
 - Gained experience in database design and SQL (Oracle SQL Developer)
 - Built applications using object-oriented programming principle
-

TECHNICAL SKILLS

- Languages: C#, C++, Java, SQL, Python
 - Frameworks & Web: ASP.NET Web Forms, HTML, CSS, JavaScript
 - Databases: Oracle SQL Developer, Relational Database Design, SQL Queries
 - Concepts: Object-Oriented Programming (OOP), Data Structures (basic)
 - Tools: Visual Studio, Git, GitHub, IDEs (IntelliJ), Cisco Packet Tracer
 - Other: Debugging, Algorithmic Thinking
-

PROJECTS

Virtual CV / Portfolio Website

Designed and deployed a responsive personal portfolio using HTML5, CSS, and Vanilla JavaScript, featuring custom CSS animations, mobile navigation, and interactive contact forms.

Abahambe Lift Booking System (C# / .NET)

Built a Windows Forms desktop application calculating travel costs and ticket options with robust exception handling and input validation.

CISCO Packet tracer

The Packet Tracer project was created to demonstrate the design and configuration of a computer network using Cisco Packet Tracer. The project includes the setup of network devices, IP addressing, and connectivity testing to ensure reliable communication between devices. It also showcases an understanding of basic networking concepts such as routing, switching, and network troubleshooting.

PROFESSIONAL SKILLS

- Problem Solving and Analytical Thinking
- Communication and Technical Documentation
- Team Collaboration and Agile Development
- Adaptability and Continuous Learning
- Time Management and Task Prioritization
- Attention to Detail

EDUCATION

Bachelor of Science in Information Technology

North-West University | 2024-Present

CERTIFICATE

FNB App Academy Certificate | First National Bank (2025)

Completed intensive training in mobile and web application development, mastering software architecture, modern application design, and modern coding standards.
